

as a result of the Midwest floods of 1993.

(t) *Practice*—means the wetland and easement area development restoration measures agreed to in the WRPO to accomplish the desired program objectives.

(u) *Technical assistance*—means the assistance provided to land owners to facilitate implementation of the WRPO.

(v) *Wetland*—means land that (1) has a predominance of hydric soils; (2) is inundated or saturated by surface or groundwater at a frequency and duration sufficient to support a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions; and (3) does support a prevalence of such vegetation under normal circumstances.

§ 623.3 Eligible person.

To be eligible to participate in the EWRP, a person must be the owner of eligible land for which enrollment is sought and must have been the owner of such land for at least the preceding 12 months prior to the time the enrollment offer is declared by NRCS, as provided in this part. The person shall provide to NRCS adequate proof of ownership of the land. NRCS may waive the 12 month ownership requirement if:

(a) The land was acquired by will or succession as a result of the death of the previous owner; or

(b) Adequate assurances have been presented that the new owner of such land did not acquire such land for the purpose of placing it in the EWRP.

§ 623.4 Eligible land.

(a) Except as otherwise provided in this section, land is eligible for enrollment in the EWRP only if NRCS determines that the land:

(1) Was inundated by the Midwest floods of 1993;

(2) If restored to productive condition, would have a fair market value that is less than the estimated costs of restoring the land to productive condition and repairing related floodwater control systems;

(3) Is likely to have its wetland value restored with minimal costs; and

(4) Is wetland farmed under natural conditions, a farmed wetland or prior

converted wetland, or substantially altered lands which are cropland; or

(5) Is wetland that has been restored on the land under a CRP contract, or under a Federal or State wetland restoration program with an easement for a period of less than 30 years.

(b) To be eligible for enrollment in the EWRP, land must also:

(1) Be determined by ASCS to have been annually planted or considered planted to an agricultural commodity in at least 1 of the 5 previous crop years; or

(2) Be land under a CRP contract, in which case, the land need only to have been planted to an agricultural commodity during 2 of the 1981 through 1985 crop years.

(c) Other lands may be considered eligible if the inclusion of such lands in the EWRP easement would significantly add to the functions and values of the wetlands to be restored under this part, as determined by NRCS.

(d) The criteria and procedures contained in 7 CFR part 12 will be used to identify wetlands, converted wetlands, and farmed wetlands.

§ 623.5 Ineligible land.

Notwithstanding any other provisions of this part, the following land is not eligible for enrollment in the EWRP:

(a) Land that contains either timber stands or trees established in connection with a CRP contract;

(b) Lands owned or acquired by an agency of the Federal Government;

(c) Land already subject to a deed restriction prohibiting the production of agricultural commodities or the alteration of existing wetland hydrologic conditions;

(d) Land located between the pre-flood mainstem levees and the river; or

(e) Land that was restored to wetland conditions, as required under Part 12 of this title, to mitigate the conversion of wetland to cropland use.

§ 623.6 Transfer of lands from the CRP to the EWRP.

Land that is subject to an existing CRP contract administered under 7 CFR parts 704 and 1410 may be transferred into the EWRP only if:
